INFORMATION DISCLOSURE STATEMENT

Sir:

This Information Disclosure Statement includes a copy of Form PTO-1449 that identifies two U.S. patents and two Japanese references. Copies of the Japanese references are attached as well. The two U.S. patents and JP 2001-304823 were identified in the International Search Report, a copy of which is submitted concurrently with this Information Disclosure Statement. JP 2000-074697 is described in the specification and is the equivalent of U.S. Patent No. 6,237,421 which was cited in the International Search Report. The Examiner will note that the International Searcher considered all three references to be Category A documents. Hence, the references were considered by the International Searcher to relate merely to the technological background of the invention. None of the references was considered to be particularly relevant to the claimed invention.

Nevertheless, the Examiner is urged to consider these references and to make the references of record.

Respectfully submitted,
